

## What are Bell Mobility’s current pay-per-use rates?

If you go over the usage included in your rate plan, add-on or data feature, you’ll be charged pay-per use rates. Log in to MyBell to [check the pay-per-use rates for your plan](#) and add-ons. If no rate is shown, then the rates below apply.

Unless otherwise stated in your rate plan or add-on, airtime is rounded up to the nearest minute, data usage is rounded up to the nearest kilobyte and incoming and outgoing text messages are counted (with some exceptions).

Remember that pay-per-use charges will change over time, so check back prior to using a pay-per-use service to ensure you are looking at the most current rates.

(1) Subject to change over time. Some exceptions apply. Applicable taxes extra.

(2) Standard text messages exclude premium text messages, third party alerts or content, messages interacting with promotions or contests, dial-up messages and messages sent/received with an instant messaging application. Once subscribed to a premium service, you will be billed at a premium rate outside of your text messaging bundle, either as a one-time fee or a recurring charge depending on the program. See [bell.ca/premiumtexts](#) Picture/Video Messages.
