

How do I use my mobile device outside Canada and how much will it cost?

You can use your Bell device in over 230 destinations worldwide.

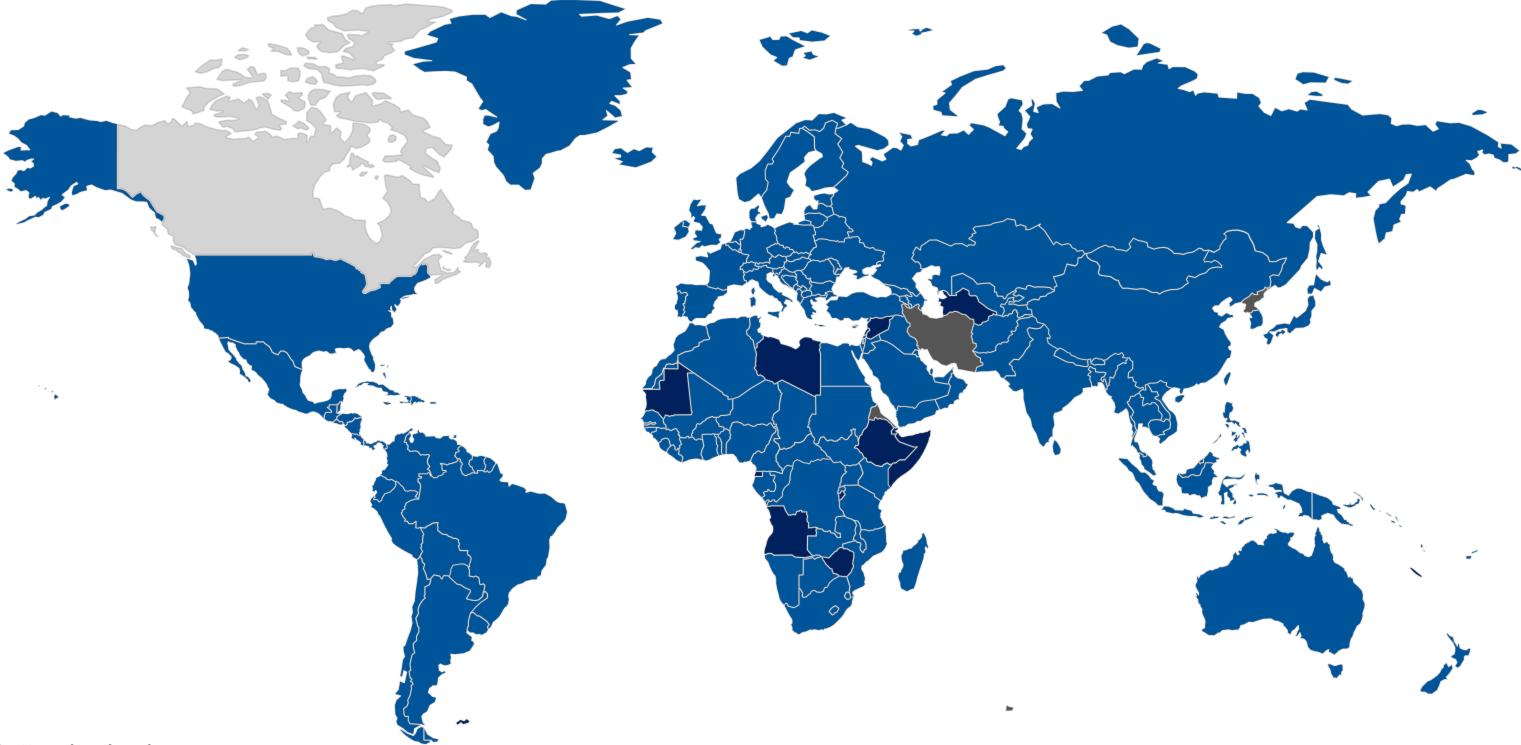

Make a selection below to find out more about Roam Better – with home data. With Roam Better – with home data, you can use the data from your Mobility rate plan plus get unlimited talk and text for **\$13/day** in the U.S. and **\$16/day** in over 200 international destinations. You only pay for the days that you use your device while roaming. You can also check network and coverage information for your destination.

Search for your destination

To see roaming options, enter your destination.

Contacting Bell when travelling abroad

You can contact Bell while travelling abroad using the following numbers:

- [Chat with us](#)
- From a Bell mobile phone: **+1 514 420-7748**
- From a landline phone in the U.S.: **1 800 667-7626**

Note: the "+" represents the international dialling code. To get the "+" symbol on your mobile phone, hold the 0 key for a few seconds until "+" appears on the screen.

If you plan to travel, we suggest you set up a PIN on your account. It allows us to verify your identity more quickly, should you need to contact us while abroad.
